### 1. Personal & Brand Boundaries

- I do **not** engage in nudity, implied nudity, or sexual-themed posing unless discussed in advance and agreed upon **in writing**.
  - I do **not** shoot adult or erotic content for private use unless it aligns with a defined **creative project** (e.g., Live Stage, Nympho EP, magazine features).
  - No touching under any circumstances. Directing is verbal or visual only.
  - I reserve the right to stop a shoot if I feel unsafe, disrespected, or pressured in any way.
  - I do not allow unauthorized BTS phone video to live streaming without prior consent.
  - I don't engage in adult or explicit sexual acts on camera or off
  - I don't accept drugs, alcohol and inappropriate propositions during the photoshoot hours.
- 

### 2. Creative Direction

- I come prepared with **wardrobe**, **pose references**, and **visual themes** when needed.
  - I appreciate collaboration and am open to ideas, but I have a right to decline styles or setups that feel off-brand.
  - I request ( management ) a quick discussion before the shoot about:
    - The concept or look(s)
    - How the content will be used (editorial, portfolio, print, social, commercial, etc.)
    - Any special instructions or creative goals
-

### 3. Image Delivery & Use

- I ask for **at least 3 edited images per look**, especially when I provide wardrobe or location.
  - Photographers may not:
    - Sell or distribute my images to third-party platforms without consent
    - Post any images that depict me in an unflattering or misrepresentative light
  - I reserve the right to **request image takedown** for safety, branding, or personal reasons.
- 

### 4. Booking Protocol

- Bookings should be confirmed via **written agreement or message** with the following:
    - Shoot date and time
    - Location
    - Agreed duration and pay (if applicable)
    - Deliverables timeline
  - Cancellations less than 24 hours in advance are discouraged unless due to emergency.
  - Please arrive on time, prepared, and respectful of studio or set space.
- 

### 5. Social Media & Tagging

- I appreciate being tagged as: **@officialjasminealysa & @officialjasminealysamodels**
  - If the images are being shared across commercial pages, a credit line or mention is requested.
  - I do not approve unauthorized **editing or filtering** of my images before posting.
- 

### 6. Safety & Privacy

- No live streaming, behind-the-scenes videos, or personal recordings during our shoot without my verbal consent.
- I travel with my own assistant or manager if needed, especially for new bookings.
- All files must remain confidential unless agreed upon for public sharing.

## **Final Notes:**

Thank you for your collaboration and respect. I'm excited to create dope art together—but mutual trust, safety, and creative alignment are always first. Let's make it unforgettable.
